CERTIFICATE OF SIR JOHN NEWTON, BART., ACCOMPANYING SIR ISAAC NEWTON'S PEDIGREE.

Sir John Newton, of Thorpe in the parish of Hather, in the county of Lincoln, Baronet, aged about fifty-three years, certifieth that his deponent hath heard his father Sir John Newton Baronet aged about seventy and three years at the time of his death, speak of Isaac Newton Master of Arts and Fellow of Trinity College in Cambridge now Sir Isaac Newton Knight, Master and Worker of her Maiesty in the Tower of London and of St. James's Parish in the County of Middlesex, as of his Relation and Kineman. And this deponent saith, that upon his view of a copy of an entry of the family of Newton, said to be entered in a visitation of the said county of Lincoln, made in or about the year 1633, and said to be now remaining in the Herald's College in London, he finds one John Newton of Westby in the said County, mentioned to have had four sons, viz. John Newton, Thomas Newton, Richard Newton, and one William Newton of Gumerby in the said County, which said William Newton was his great Grandfather, and believes the said Sir Isaac Newton to be descended from the said John Newton, son to John Newton of Westby, the Common Ancestor, and first mentioned in that entry, but knoweth not in what particular manner, but that the said Sir Isaac hath alwayes been reckoned by him of the same name and blood with his family.

In witness whereof the said Sir John Newton hath hereunto set his hand and seal this 21st day of November, in the year 1705.
